Silent keys

Sadly, we have some silent keys that will be missed:

Dave, KE7PSY, David L. Lish. From

QRZ.com: "Tragically, Dave was killed when his ATV rolled over.

He was excited and running back and forth between his house and his son's (KE7PSV) house testing a new antenna". According to a Spokesman Review news article, Dave, the mustachioed, was the owner of popular D Lish's Hamburgers.

VE7ODI, Walter Charles of Summerland, BC, Canada

WB7TLD, Heinz G. Thiemann, of Spokane WA: Volunteer Examiner, repeater control operator, mentor to many.

KJ7YX, Scott Lasater: Volunteer Examiner, active in ARES & formerly ARRL Eastern Washington Section Information Coordinator. VE7ALV, Philip H. Wilkinson, Summerland, BC, Canada

Please remember and encourage their families.

From our friends north of the border!

Northern Reps & Vice President Report, by Jan VE7QE & Roy VE7IS

Welcome to another year.

We've already started filling up our calendar with special events. We look forward to seeing everyone at the Puyallup Hamfest on March 7th. That will be the first of many events we will be attending this year. One of the main events we are looking forward to will be the KBARA Annual Campout and AGM on July 17 - 19, 2009, being held at Ft. Spokane, WA. We want to

congratulate Mark K7HPT on organizing this year's campout. He has done an excellent job and has chosen a beautiful site for this special event. We took a drive by there a few weeks ago and even with the snow, we could see that it will be a fantastic location under the trees. There will be plenty for people to do while there. We suggested to Mark that he get started on the preparations early and he has taken our suggestion serious. We told him we could make this event BIG and it looks like it is turning out to be that way. We want to invite everyone to join Roy VE7IS, Jan VE7QE, Betsy N7WRQ & Jim N7WRR for a pancake breakfast on Saturday, July 18th, starting at 8:00 am. Betsy has a special pancake mix that she prepares and we will add some Canadian huckleberries to this mix to make it truly international. We will bring some very popular Canadian sausages as a compliment to the pancakes. Jan may even make some homemade huckleberry syrup as a special treat. We look forward to meeting new people at this event and seeing all those we already know and talk to daily. We would like to thank KBARA for presenting us with the KBARA Net Controller Award "Looking for 'Moe' Checkins". We enjoy hosting the net every Thursday morning. We have met so many wonderful people through this net and look forward to meeting even more. That's it from the north, so everyone have a great spring and we'll definitely see some of you soon.

KBARA Membership / Support Information

The KBARA repeater system consists of several privately owned linked Amateur Radio repeaters. It covers an area from northeastern Washington to northeastern Oregon, and from western Montana to central Washington. The KBARA system is also part of the Evergreen Intertie, an interconnected group of repeaters located in western Washington and Oregon. The primary purpose of the KBARA repeaters is to provide a means for emergency communications within the above areas, and secondarily for routine radio traffic. It makes possible a single system of mobile communications coverage, extending the limited range provided by any single repeater operation.

The KBARA FM repeaters operate in the VHF bands and are linked by UHF radios. The repeaters' frequencies, call signs, locations and owners are as follows:
